

Financial Services Guide

Moga International Group LLC. (FSA: 532LLC2020)

Address: Suite 305, Griffith Corporate Centre, Beachmont, Kingstown, St. Vincent and the Grenadines

Website: www.mogafx.com

Phone: 61291890220

Email: service@mogafxglobal.com

Moga International Group LLC. ("Moga SV") is an international forex broker and we hold Company Number 532 LLC 2020 (FSA: 532LLC2020).

1. What is a Financial Services Guide?

This document is a Financial Services Guide ("**FSG**"). It is an important document because it helps you to understand and decide whether you should use the financial services, we offer you.

It provides you with information about MOGA SV and the services we provide. Its purpose is to inform you, before we provide a financial service, on matters including:

- who we are and how we can be contacted?
- what services we are authorised to provide to you.
- how we (and any other relevant parties) are paid; and
- who to contact if you have a complaint?

2. What other documents should I be aware of?

MOGA SV is an arranger. This means that we have connections with contracts-for-difference and margin foreign exchange brokers all over the world. We use these connections to open the door to a diverse international market. However, before we arrange for one of these brokers to issue a particular financial product to you, we are required to provide you with a Product Disclosure Statement ("**PDS**").

We do not prepare the PDS – they are prepared by the relevant product issuer.

However, it is still very important that you read the PDS. This is because it will contain information about the product to assist you in making an informed decision about that product.

For example, it will outline relevant terms, significant risks (where such exist), and fees and charges associated with the product. The PDS' of some of our key partners are available on MOGA SV's website

<https://www.MOGAfx.com/legal-documentation>

MOGA SV also has its own Terms and Conditions. You can find these on our website at <https://www.MOGAfx.com/legal-documentation>. Our Terms and Conditions outline the legal basis on which we provide our services to you.

Finally, product issuers with whom we arrange for you to engage will also have their own Terms and Conditions. These will be provided to you by the relevant product issuer before a product is issued to you.

3. Who will be providing the Financial Services to you?

MOGA SV

MOGA SV does not issue any financial products. MOGA SV provides services to you by arranging for you to acquire financial products from various product issuers around the world. We leverage our wide international connections to give you the freedom to choose with whom you trade.

You can instruct us to submit an application for a financial product on your behalf by creating an account and communicating with us via our online trading platform. When you place an order with us, MOGA SV transmits the order to your chosen issuer and the issuer chooses to accept or reject it.

You should be aware that MOGA SV is not an agent for any of the issuers to whom we refer orders. When you place an order, this does not mean that you have acquired a financial product. We are not able to guarantee that when you route an order through us, your chosen issuer will accept the order. This remains solely in the

discretion of that issuer.

In the event that the online trading platform is unable to receive your instructions, you can instruct us via telephone. Our contact details are at the start of this FSG.

MOGA SV also might provide general advice regarding financial products. This means that any advice provided will not necessarily be appropriate for your individual and specific financial needs, financial situation or objectives, and you should consider your circumstances before choosing to acquire a product. The best way to do this is to read the Product Disclosure Statement given to you by your chosen product issuer before making a decision.

We have arrangements in place to maintain adequate professional indemnity insurance as required by the Corporations Act 2001 (Cth). This insurance provides cover for claims made against us and our representatives/employees, including claims in relation to the conduct of representatives/ employees who no longer work for us but who did so at the time of the relevant conduct.

4. On whose behalf are we acting when we provide our services to you?

MOGA SV arranges the issue of various financial products. We act only on our own behalf and we do not represent any of the issuers with whom we offer arranging services. If your order is accepted by the issuer, you enter into an entirely separate legal relationship with the issuer. MOGA SV is not a party to this relationship. Our involvement ceases unless you wish to acquire additional products from the issuer, in which case you are able to do so again through our platform.

5. What services and products are we authorised to provide to you?

MOGA SV's FSA authorises us to carry on a financial services business by:

- a. providing general financial product advice for the following classes of financial

products:

- i. derivatives; and
- ii. foreign exchange contracts; and

b. dealing in a financial product by:

i. issuing, applying for, acquiring, varying or disposing of a financial product in respect of the following classes of financial products:

- A. derivatives; and
- B. foreign exchange contracts; and

ii. applying for, acquiring, varying or disposing of a financial product on behalf of another person in respect of the following classes of products:

- A. derivatives; and
- B. foreign exchange contracts. to retail and wholesale clients.

6. What fees and commissions are payable to

MOGA SV?

There are a number of costs, fees and commissions that you may be required to pay us, in order to use our services. By using or continuing to use our services, you agree that:

- All fees and charges received by us as described in this FSG (other than third party fees and charges) are a benefit given to us by you, in exchange for the market making and dealing services provided by us.
- We do not charge volume-based or asset-based fees for any advice we provide.
- You understand, consent to, authorise and direct us to charge you in this way.

Type	Description
Spread Cost	<p>Derivative (including foreign exchange contracts and contracts-for-difference ("CFD") transactions) incur costs relating to the spread, which is the difference between the bid price and offer price.</p> <p>The "bid price" is the price at which we are willing to buy the contract from you and the "offer price" is the price at which we are willing to sell to you.</p> <p>Taking the example of a foreign currency trade, we buy currency on the wholesale market and sell it to you after building in a spread. We also buy currency from clients and sell it to other clients after building in a spread. The price difference of this spread will depend on factors such as the size and value of the transaction and prevailing market rates. Typically, larger and more liquid transactions have lower</p>

	<p>spreads. This spread is paid by you but is incorporated into the quoted rates and is not an additional charge or fee payable by you above those quoted rates. We earn a spread whenever you trade with us. Of course, all buying, and selling is notional, because MOGA SV typically does not actually deliver the currency - it offers a platform that lets you trade over currencies only. Sometimes, in order to trade on our platforms, MOGA SV will convert your money into, say, USD and this is an example of when physical delivery does occur.</p> <p>Please refer to the contract details for the exact trading spread for each product.</p>
Commission	<p>Commission may be charged by us on each transaction.</p> <p>If you use our services via a third party such as an introducing broker (see Section 6 below). You may also be charged a commission by us, on their behalf.</p> <p>The precise commission which will be payable by you will depend on a number of factors, including the volume of trading you undertake, the platform you use, and the products and services you acquire from or through us or our Authorised Representatives. Commissions will be charged when you click "buy" or "sell" to open a new position.</p>
Rollover interest rate	<p>You may earn or pay interest ("rollover interest") by entering and holding a rate margined foreign exchange contract or CFD contract overnight, London time (see below). As shown by the examples below, Your account balance will be automatically credited or debited with overnight interest by the next business day, and typically within 1 hour of 5pm New York Time.</p> <p>When does rollover interest apply?</p> <p>If you have a position which was held before 23:00 London time, once 23:00 London time has passed, all open positions will be subject to rollover interest. The interest will affect the profit of the positions which haven't been closed.</p> <p>Weekends and holidays</p> <p>Forex markets are closed on Saturdays and Sundays, so there is no rollover on these days, but interest will still be applied for those two days. To account for that, the forex market books three days of rollover on Thursday, which makes a typical Thursday rollover three times the amount on Wednesday.</p> <p>There is no rollover on holidays, but an extra days' worth of rollover two business days before the holiday. Typically, holiday rollover happens if any of the currencies traded has a major holiday.</p> <p>Margin Forex</p> <p>With a margined foreign exchange contract, if the currency you bought is from a country that has a lower interest rate than the currency you sold, you would need to pay the difference, and your account would be deducted accordingly.</p>

The interest you earn or pay depends on the type and size of products that you buy or sell, the interest rate differential between the currency pair you have bought/sold and the duration of the rollover period (for example, 0.25%). Interest is expressed in swap points and calculated in "pips", where 1 pip is 1 hundredth of 1 per cent.

The rates are variable from day to day. Clients will have full access to view the current rates on the trading platform and it remains your responsibility to check the applicable rates regularly.

Example of Margin Foreign Exchange Rollover Interest

When you buy AUD/USD, you are selling USD to buy AUD. If AUD has a higher rollover rate than USD, you are buying the currency with the higher interest rate, so you will earn rollover. If you sell AUD/USD, you are selling the currency with the higher interest rate, so you will pay rollover as you are paying AUD interest rate and earning the USD interest rate.

Example:

AUD/USD rollover interest is -1.28/- 0.78

You are long AUD/USD 100,000.00

At 5 p.m. New York time (or 23:00 GMT) your position will be rolled over to the next value date.

Your account will be credited with US\$7.8 (100,000 x 0.78/10000)

Gold and Silver CFDs

In the case of Gold and Silver CFDs, the Rollover Charge or Rollover Benefit is calculated by multiplying the total notional value of the position by the rollover interest rate.

If you are long on a Bullion CFD, you may have to pay us a Rollover Charge, whilst if you are short you may receive a Rollover Benefit from us. In some circumstances, however, the opposite may apply.

Example:

XAU/USD rollover interest is -1 .00/+0.33

You are long XAU/USD 1 lot (100 oz)

At 5 p.m. New York time your position will be rolled over to the next value date.

Your account will be debited with USD 3.30 (100 oz x 0.33)

Note: MOGA SV's rollover of gold will be based on the Gold Forward Offered Rate relevant gold LIBOR/LIBIR interest rates with mark up 0.25% of the interest rate.

Index CFDs

An Index Future CFD will expire on the last business day preceding the day of expiry of the relevant underlying instrument, which is an Equity Index Futures Contract that expires on a monthly or quarterly basis.

Should an open position in relation to an Index Future CFD be held until expiry, then

	<p>that position will be automatically closed at the official closing price of the relevant Underlying Instrument and re-opened at the official closing price of the relevant Underlying Instrument.</p> <p>Example:</p> <p>You are long of Jun E-mini (ESM12) Futures CFD contract which expires on the 15 Jun. Your position will be closed out at the settlement price on expiry date.</p> <p>Simultaneously a new position will be created for the next trading serial CFD ESU 12 at the settlement price.</p> <p>No charges are incurred when positions are rolled as the closing and opening prices relate directly to where the relevant instruments have been trading and there will be a cash adjustment made to your account to reflect the differences in the official closing and opening prices.</p>
Conversion cost	<p>Most trades offered by MOGA SV require you to use USD as your base currency. If you instruct MOGA SV to place a trade where the base currency is in a foreign currency, you will need to convert your Australian dollars or other currencies into the required foreign currency through a bank and deposit the money into your MOGA SV trading account. The bank will charge you for this service.</p> <p>Alternatively, MOGA SV may convert your funds by first quoting you a spot price pursuant to its Terms and Conditions. If you choose to accept MOGA SV quoted prices, then the transaction will usually take place immediately, upon receipt of your cleared funds. The new currency will be delivered to your MOGA SV account. We will be remunerated by the difference between the rate at which we buy and sell to you the currency (also called the "Spread Cost" - see above).</p>
Interest on client money	<p>MOGA SV places client moneys into our Segregated Funds Account which is a client trust account. MOGA SV is entitled to earn any interest (which is calculated daily) on positive balances in the client trust account and does not pay it on to clients.</p> <p>Clients must at all times keep a positive balance in their accounts.</p>
Credit card payment	<p>MOGA SV may charge you a fee for accepting a credit card payment from you. This fee will be a percentage of the face value of the payment, as displayed on our website from time to time. It is deducted immediately when the transaction occurs.</p> <p>The fee is calculated with reference to the fee charged by MOGA SV's merchant facility providers.</p>
Administrative charges	<p>MOGA SV will charge a fee for the following administrative services when they are requested by you or people authorised to trade on your behalf:</p>
Hard Copy	AUD 10 per statement

duplicate statement (posted to you)	
Audit certificates	AUD 20 per copy
The above administrative charges will be deducted from your account shortly after the relevant event happens (e.g. if you request a particular document from us). These fees are subject to change.	
Dormant Fee	If you shall not login and trade from your account for a period of three (3) months, your account shall become a dormant (" Dormant Account "). Then MOGA SV shall charge you a fee of \$50 (or the base currency of your Account) each month (the " Dormant Fee "). The Dormant Fee shall be deducted from your Account each month as set above until one following shall occur (A) you shall start trading again. (B) the Dormant Account shall reach a balance of zero (0).
Deposit Fee	Currently, MOGA SV does not charge any deposit fees.
Withdrawal Fees	Depending on your payment method of choice, MogaFX charges a withdrawal fee of AUD 20 (or USD 20, for Accounts managed in such currency). Please see our Funding page: https://www.mogafx.com/deposit-options

You may request more details about the way MOGA SV is remunerated within a reasonable time after receiving this document.

7. How are our people and third parties remunerated?

MOGA SV's directors and its employees are remunerated by annual salary, commission and may also be awarded an annual bonus. These types of remuneration will depend on several factors including:

- Company performance.
- Sales volume.
- Professionalism and adherence to compliance procedures; and
- Team performance.

MOGA SV's shareholders will also receive a benefit based on MOGA SV's ongoing company performance.

Our representatives may also receive a commission on trades. This commission is calculated with reference to trade volume and other performance indicators.

When you are referred by an Authorised Representative or another third party to us, we may pay commission or mark-up spread to the third party or Authorised Representative.

The amount of commission paid to referrers is negotiated on an individual basis and is typically based on a sliding scale, which takes into account:

- a. the number of clients referred or introduced to MOGA SV; and
- b. the number of contracts traded by clients introduced or referred to MOGA SV

Some third parties offer plugins to our platforms. Some providers of these plugins will charge you fees for their services directly. Others will charge fees that we will take directly out of your account and remit to them.

You may request more details about the way these people or entities are remunerated within a reasonable time after receiving this document.

Finally, product issuers with whom we arrange the issue of financial products to you may charge you fees for the issue and maintenance of the financial products. Please refer to the PDS prepared by the relevant product issuer for more information.

8. What should you do if you have a complaint?

In the event you have a complaint about MOGA SV, you can contact your MOGA SV representative and discuss your complaint.

Alternatively, please contact by telephone or in writing:

MOGA SV Compliance Officer: service@mogafxglobal.com

We will try and resolve your complaint quickly, fairly and within 45 days.

Personal Information

MOGA SV is committed to ensuring the confidentiality and security of the personal information of its clients and is also committed to complying with both the Privacy Act 1988 (Cth) and the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth). The MOGA SV Privacy Policy detailing our handling of personal information is available www.MOGAfx.com.

You may request access to information held about you by contacting the MOGA SV on the contact details listed above. If you do not provide some or all of the information requested on our application form, we may not be able to accept your application to open an account or otherwise provide you with our services.

MOGA SV may use information received from its clients to send marketing material to its clients from time to time unless you elect not to receive it. MOGA SV will not provide your information to any third party other than in accordance with the MOGA SV Privacy Policy.

MOGA SV may record inbound and outbound telephone conversations to the MOGA SV office for compliance and training purposes.

Please retain this FSG for your reference and any future dealings with MOGA SV. We may also add documents at a later date which will form part of this FSG and should be read together with it. They will include the word "Financial Services Guide" in the heading.
